### *Minutes of the December 17, 2009 meeting.*

Adam Sena from Coventry, RI and Alan Remy from Cumberland, RI were guests at the meeting. Both joined our club during the meeting

Bob Hopkins reported that we have approximately \$2,850 in our treasury.

#### **NEW BUSINESS:**

Results of vote for club positions:

Wayne Collins - President  
Larry Dunklee - Vice President  
Bob Hopkins - Treasurer  
Bernie Feinerman - Secretary

Rich Lemieux will be in charge of the library.

Bill Smith mentioned that he selling his Sears lathe with an extended warranty and some instruction in its use.

Several club members mentioned attending Totally Turning symposium in Saratoga Springs, NY. in past years. If considering attending this symposium, note there are several hotels in walking distance from the symposium. A brand new Hampton Inn is across the street. The Hilton is the host hotel. For more information <http://www.totallyturning.com>

George Nazereth showed club members his jig for cutting thin strips on the tablesaw.

Arthur Schloth, a representative from Plastic Lumber RI, spoke to the group regarding his products that may be suitable for woodturning. Plastic Lumber is made from recycled HDPE plastic milk jugs, detergent bottles, and HDPE industrial waste. The "lumber" is available in several colors, and comes in "standard" lumber sizes. Their website is <http://www.plasticlumberRI.com/> and lists the available sizes and dimensions.

Seven \$10 gift certificates were donated by Craft Supplies USA. Two certificates were given to Rich Lemieux for his woodturning program.
